Burlington, WI 53105-1200

After earning a Bachelor of Science degree from Michigan State University, Dr. Thompson attended DePaul University in Chicago. He earned his Masters and Doctorate in Clinical Psychology at DePaul with a specialty in Child Clinical Psychology, and completed his pre-doctoral internship at The Psychiatric and Psychosomatic Institute at Michael Reese Hospital and Medical Center in Chicago. His doctoral dissertation involved the evaluation of a school-based preventive intervention program for street gang membership on Chicago's north side. Dr. Thompson has directed clinical programming in residential treatment centers in Louisiana, Michigan, and Wisconsin for both children and adolescents, and has maintained an active private practice consisting of clinical, consulting, and forensic activities. Currently licensed in Wisconsin, Illinois, South Carolina, New Mexico, and Michigan, Dr. Thompson specializes in working with children and teens with a variety of disruptive or problematic behaviors. He is a staff member at Memorial Hospital of Burlington, Lakeland Medical Center, and Children's Hospital of Wisconsin, and also provides consultation and other services to a number of area social service agencies. Dr. Thompson is board certified in forensic psychology by the American Board of Professional Psychology (ABPP). Dr. Thompson frequently provides evaluation and expert witness services in criminal, civil, and delinquency cases in many area courts.

Caroline Carr, PsyD, ABPP

Clinical and Forensic Psychologist

Burlington, WI 53105-1200

Caroline Carr, PsyD, ABPP, is a licensed psychologist with specialties in clinical and forensic psychology. She received her Doctorate in Clinical Psychology from Loma Linda University in 2015. She completed internship training at the Mendota Mental Health Institute (MMHI) in Madison, WI and a postdoctoral forensic fellowship at MMHI and the Sand Ridge Secure Treatment Center. Dr. Carr is the psychologist on a maximum-security

admission unit at MMHI. She specializes in the assessment and treatment of adults with severe and persistent mental illness. Her role at MMHI includes competency evaluations, restoration, psychological assessments, consultation, violence risk assessment, sexual violence risk assessment, and supervision of interns, psychology fellows, and psychiatry fellows. Dr. Carr is a consultant for the Wisconsin Forensic Unit and an Assistant Professor of Psychiatry at the Medical College of Wisconsin. Dr. Carr is board certified in forensic psychology by the American Board of Professional Psychology, and is a fellow of the American Academy of Forensic Psychology. Dr. Carr is available to provide forensic evaluations and consultation through Clinical Psychology Associates.

Bruce Frumkin, PhD, ABPP

- Office: 305-606-5036
- bfrumkin@aol.com

HEADQUARTERS

111 Presidential Blvd.

East Lobby, Suite #133

Bala Cynwyd, PA 19004

Dr. Frumkin holds a Ph.D. in Clinical Psychology from Washington University in St. Louis.

Dr. Frumkin has more than 40 years of experience in evaluation and consultation for the legal and mental health professions.

Dr. Frumkin has earned a Diplomate in Forensic Psychology from the American Board of Professional Psychology, one of approximately 350 nationwide. He is a Fellow of both the American Psychological Association and the American Academy of Forensic Psychology.

Dr. Frumkin is nationally known for his work in the area of capacity to waive Miranda rights, False/Coerced Confessions, and Interrogative Suggestibility. He has published in this area, has given numerous presentations to psychology and legal groups, and has conducted more than 700 evaluations in confession-related cases.

Dr. Frumkin works nationally in State, Federal, and Military Courts and is hired by both the defense and prosecution. In civil cases he has worked for both the plaintiff and defense.

Dr. Frumkin is a frequent presenter at regional and national conferences for both the legal and psychology communities. He has presented on such topics as competency to waive Miranda rights, interrogative suggestibility, false/coerced confessions, intelligence testing and intellectual disability, malingering, and multicultural issues in forensic and clinical assessment.

Dr. Frumkin has a national practice with a home office just outside Philadelphia, PA.. He has satellite offices in Chicago, Miami and New York City. He is fully licensed in Florida, Illinois, New York and Pennsylvania. He also holds or is able to obtain temporary licensure to practice in most jurisdictions.

Kristin Johnson, PsyD

Clinical and Forensic Psychologist
